Technical Datasheet

Product Name: ABC Modular type Fire Extinguisher

Product Code: VFE-M05

Description:

The modular type of fire extinguisher consists of a hazard-free clean agent type, which keeps your article safe and intact in case of fire. This type of fire extinguisher is ideal for protecting the computer area, ATM center, server room, fuel, and flammable liquid storage, automobile garages, marine engines, welding benches, domestic gas storage, particularly for hotels, storage locations and the places where water damage cannot tolerate.
GENERAL DATA:

SL. NO.	Particular	
1	Trade Mark	VariEx®
2	Type	Modular Type
3	Certification & Approvals	CE: 2906

TECHNICAL DETAILS:

SL. No.	Particular	Specifications
1	MODEL NO	VCFE-M05
2	EXTINGUISHING MEDIA	ABC/BC Type Dry Chemical Powder
3	CAPACITY (KG)	5Kg
4	PROPELLANT	Nitrogen
5	SUITABLE FOR CLASS OF FIRE	(A, B & C) and (B & C) Class Fire
6	WORKING PRESSURE	15 Kgf/cm2
7	TESTING PRESSURE	35 Kgf/cm²
8	TEMPERATURE ACTIVATION BULB	(68ºC)
9	AREA OF PROTECTION	3.5 to 4m²
10	DISCHARGE RANGE	MORE THAN 02 M
11	CONSTRUCTION	MIG Welded MS Body
12	MOUNTING	Ceiling Mounted

13	OPERATION TIMING	10-15 seconds
14	Workmanship & Finish	Satisfactory
15	Marking	Provided
16	Ceiling mounting Bracket	Provided
17	Performance requirements	Effective discharge time : 6 - 8 Sec. Approx. Height of mounting : 2 - 3 Mtr Approx. Volume coverage : 7 M3 Approx. Min. Percentage of discharge: 95%
